Objectives of the Louisiana Master Gardener Program include:

- To expand the capacity of the Louisiana Cooperative Extension Service to distribute horticultural information to individuals and groups in the community
- To develop and enhance community programs related to horticulture . Depending on community needs, these may include environmental improvement activities, community and school garden programs and public horticultural events
- To enhance 4-H Youth Development programs by complimenting co-curricular and extracurricular horticultural programs
- To maintain and expand a Louisiana Master Gardener network under the direction of the Cooperative Extension Service
